

Etiquette for skiers with dogs

Before ski tour

- Let your dog relieve itself before starting your ski tour. If your dog has to relieve itself during ski tour, please remember to pick up the droppings.
- Please check the track direction and follow it.
- Is your dog suitable for skiing? Do not take aggressive or unpredictable dog to the ski tracks. The dog's owner is responsible for their dog and its actions at all times.

On the track

- Please consider your fellow skiers. Keep safe distances to fellow skiers.
- Avoid unnecessary stops on hills and in curves.
- Keep your dog on a short leash at all the times! Also in parking lots, the start areas and campfire sites.
- Be prepared for surprising situations. The speed increases easily with a dog.
- Please overtake carefully. Notify the person being overtaken of your intention well in advance so that they can prepare themselves for the overtake.
- If you are the one being overtaken, give enough space and slow down if necessary.

Have a pleasant dog skiing trip!
